To purchase the software online, please visit http://www.stellarinfo.com/email-repair/edb-pst-converter/buy-now.php

Alternatively, click **Order** icon in **Help Menu** on **Menu Bar** to purchase the software online.

Select either of the methods given above to purchase the software.

Once the order is confirmed, a serial number will be sent to you through e-mail, which would be required to activate the software.

Registering the Software

You can visit http://www.stellarinfo.com/email-repair/edb-pst-converter.php to download demo version of **Stellar EDB to PST Converter** software. The demo version is just for evaluation purposes and you must eventually register the software to use its full functionality. Once you purchase the software, you will receive a key using which you can register the software.

You can register the software using any of the following methods:

- Online Registration

  After purchasing the software, a serial number will be sent via email, which is required to register the software. You need to enter the serial number, which is then verified by a license server and on verification, the software is registered.
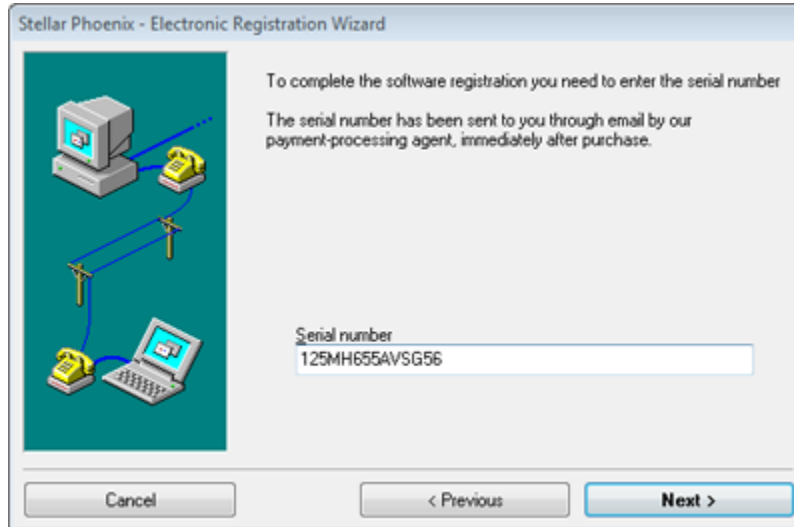

- Manual Registration

  To register the software manually, you will need to generate a PHX_REG.txt file and mail it to support@stellarinfo.com. After verification of the serial number and purchase details, the site key, which is required to register the software manually, will be sent to your email address.

Note: If the software is downloaded from http://www.stellarinfo.com/email-repair/edb-pst-converter.php (i.e., ESD version), it must be registered using Serial Number (received through email after purchasing the product) to use all the features of the software.

If the software is installed using the product installation CD (i.e., BOX version), hardware lock, that is available with the software kit, is mandatory for the functioning of the software.

Updating the Software

Stellar releases periodical software updates for **Stellar EDB to PST Converter** software. You can update the software to keep it up-to-date. These updates can add a new functionality, feature, service, or any other information that can improve the software. Update option of the application is capable of checking for latest updates. This will check for both latest minor and major versions available online. You can easily download minor version through the update wizard. However, the major version, if available, has to be purchased. While updating the software, it's recommended to close all the running programs. Note that demo version of the software cannot be updated.

To update Stellar EDB to PST Converter:

- Click Update Wizard icon from **File Menu**.

- **Stellar Phoenix Update Wizard** window opens. Click **Next**. The wizard will search for latest updates, and if it finds any new updates, a window will pop up indicating its availability.

- Click **Next** and the software will download the files from the update server. When the process is complete, the software will upgrade to the latest version.

Live Update may not happen due to following reasons:

- Internet connection failure

- Updates are not available

- Unable to download configuration files

- Unable to locate updated files or version

- Unable to locate executable file

Note: If a major version is available, you need to purchase the software in order to upgrade it.
